

## Alfonso Moreno Aguilera

My name is Alfonso Moreno Aguilera, I am a student of the Informatic Engineering degree in the Francisco de Vitoria University (UFV). I am passionate about web development, programming and learning new technologies.

In my free time I enjoy listening music, as well as playing the piano, I also enjoy playing videogames and participating in creative yet challenging projects.

I developed this type of interest since I started the Secondary Education, participating in activities such as videogame creation or robotics.
